The Steering Committee is working on a fundraising plan to raise money to support the Council's projects and education programs in the watershed. Please check the website homepage for our new PayPal button—an easy way to make a contribution.

After 12 years, 50 projects and 110 events, and counting, the Long Tom Watershed Council has demonstrated just how committed this community is to improving water quality and fish and wildlife habitat in this local watershed.

- In 2009, LTWC won an international award for the “Science and Practice of Ecology and Society” for the community-based approach to watershed restoration.
- Also in 2009, LTWC became a “model watershed” with funding and support from two private foundations - with a matching challenge to increase the pace, scope, and effectiveness of our work by utilizing and expanding the community participation and commitment that got us here.
- Now over 1,000 families are directly connected to learning about watershed conditions via our newsletter.
- More than 2,500 adults have participated in watershed learning through the Council - these are the people with the power to do projects or actions on their property, or help others to do so.

Please support our work!

**YES!** I'd love to help with a tax-deductible donation to the Long Tom Watershed Council to improve water quality and habitat in my community!

*Note: The Council will not release your personal information to other organizations.*
