

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
1/27/98	Upper: Veneta Community Center	New Contractor, Council Formation	Dana Erickson, Coordinator	Contract, council structures, how to be involved. Form Interim Steering Committee	
2/24/98	Upper: Veneta Community Center	Water Quality Monitoring in Coyote Creek Tributary	Cathy Glaudin, Paul Atkinson, Ken Corrichello, Cindy Thieman	Allan Whiting's RARE-SOS Grant Proposal	
		Citizens Drinking Water Protection Plan Context of Watershed Councils in Oregon	Denise Kalakay, Lane Council of Government Louise Solliday, GWEB	New facilitator, Mark Wilkening, and his role Put yourself on map with dot	
3/31/98	Upper: Veneta Community Center	Tally and discuss representation	Dana Erickson, Coordinator	Forming Membership Committee	
		Identifying Issues in watershed	Dana Erickson, Coordinator	6-mo overview of work - draft Forming Project Team	
4/29/98	Lower: Monroe HS Commons	Water Quality and the Long Tom watershed	Bobbi Lindberg, Oregon Department of Environmental Quality.	Charter - approve general direction. Membership analysis	
			Peggy Vogue, Oregon Department of Agriculture		
5/26/98	Lower: Monroe HS Commons	Forest Practices and Water Quality	Ken Ockfen, Oregon Dept. of Forestry.	Watershed Assessment - starting up.	
			Dale Claassen, Swanson Superior Forest Products	Charter - draft structure; approve mission goals and objectives. Fair Booths this summer	
6/30/98	Lower: Monroe HS Library	Understanding a Watershed: an example watershed analysis	Graham Armstrong, hydrologist, Bureau of Land Management	Charter - full draft ready for review	
		Consensus - types and how we'll reach it	Mark Wilkening, Public Affairs Officer, Bureau of Land Management (provided as neutral facilitator for Council)	Form team for Annual Celebration Small groups to discuss and decide consensus vs. voting and electing vs. volunteering for Steering Committee	
7/28/98	Amazon: Four Oaks Grange	Watershed Stewardship Education Program	Mike Cloughesy, Extension Forester, Lane County OSU Extension	Group up by subbasins to nominate people for first full Steering Committee Fair booths - need volunteers	
				Small groups to discuss and decide consensus vs. voting and electing vs. volunteering for Steering Committee	

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
8/25/98	Amazon: Four Oaks Grange	An Overview of the Amazon Basin	Michelle Cahill, City of Eugene Water Resources Team manager	Steering Committee is coming together - Dale Claassen, search committee.	
		Watershed Assessment - gathering historical information from knowledgeable people in basin	small groups convened to share information	Annual meeting and celebration planning; Fair booths - Eugene Celebration is next	
9/29/98	Willamette High School courtyard	Annual Meeting and Celebration		Charter Specs and introducing new Steering Committee: Dale Claassen	
		What is a watershed Council and why is it important	Deborah Evans, Scientist, Woodward Clyde Consultants	Leadership and Appreciation Awards, Pete Van Sickle	
		Everything in the watershed is interdependent	Gary Galovich, Oregon Dept of Fish and Wildlife		
		Oregon Independence and Ingenuity - a framework for all councils	Jay Nicholas, author of the Oregon Plan		
		The Long Tom Watershed Council	Tom Hunton, Charter Team Member		
10/27/98	Upper: Veneta Community Center	Why we are involved in the Council	open floor		
11/24/98	Upper: Veneta Community Center	Water Quality and Fish in the Long Tom basin	Cindy Thieman	Project Updates - landowners	
		Groundwater: issues in the Long Tom basin from a groundwater perspective	Dennis Nelson, Oregon Department of Health	Small groups to discuss action in main council interest areas: education and outreach, projects and workshops, business and finance, council development	
1/26/99	Upper: Veneta Community Center	How the South Santiam Watershed Council's Water Quality Monitoring Plan has worked for them	Sue Gries, Coordinator for S. Santiam Council	Water Quality Monitoring Plan and Grant	
		Water Quality in the Long Tom basin; presentation of data from Watershed Assessment	Cindy Thieman	Junction City inclusion in Council?	
2/23/99	Lower: Monroe HS Commons	Prioritizing watershed restoration in the basin	John Bolte, OSU BioResource Engineering	Watershed Action Plan - how we'll approach it	
		Hydrologic conditions and water use in the Long Tom basin, presentation of data from Watershed Assessment	Cindy Thieman	Building watershed action plan - brainstorming ideas and putting them in. Subcommittees. Didn't work well for action plan (too soon) but worked well for getting things moving.	
		Why hydrologic and water use information matters	Michael Mattick, Lane County Watermaster		

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
3/30/99	Amazon: Four Oaks Grange	Fish Populations and Habitat in the Long Tom Basin. Info on recent ESA listings.	Gary Galovich, Oregon Dept of Fish and Wildlife	Subcommittees declined to meet and brainstorm for action plan (too quick after learning info) and instead had more Q & Q time with speakers	
		Fish and Channel habitat data for Long Tom basin; presentation of data from Watershed Assessment	Cindy Thieman		
		Hydrologic conditions - follow up	Michael Mattick, Lane County Watermaster		
4/27/99	Upper: Veneta Community Center	What is sediment, where can it come from, and why does it matter?	Paul Clements, Oregon Department of Forestry	Action Plan - review process and share timeline for approval. Review Education and Outreach Draft chapter. Interns now working with Council on Action Plan	
5/25/99	Lower: Monroe HS Commons	Riparian conditions and wetlands in the Long Tom basin; presentation of data from watershed assessment	Cindy Thieman	Action Plan - break into small groups and review all chapters.	
6/29/99	Outside. West Eugene Wetlands Project Office	Wetlands Tours	Jock Beall, Wetlands Manager, BLM. Ed Alverson, Stewardship Ecologist, The Nature Conservancy	submit changes to Charter	
		Sediment Sources in the Long Tom Watershed; presentation of data from the Watershed Assessment	Cindy Thieman	brainstorm list of other potential steering committee volunteers	
		Information to Restoration	John Bolte, OSU BioResource Engineering		
7/27/99	Upper: Oregon Country Fairgrounds	Talking about historical conditions and what they mean	Court Smith, anthropologist, OSU	Action Plan nearing finalization	
		Results of watershed assessment on historical conditions	Cindy Thieman	got verification and more data on impoundments map	
		Landscape history and restoration at the Oregon Country Fair site	Dennis Todd, UO Biology	Steering Members needed	
9/19/99	Lower: Stroda Brothers Farm	Welcome to the Farm and a bit of History	Bob Stroda		
		Hay Ride, Farm Tour, Old Oxbow tour of fish and wildlife habitat	Kirk and Tony Stroda, Gary Galovich, ODFW, Kat Beal, US Army Corps of Engineers	Introduce and affirm new members of Steering Committee	
		The Oregon Plan for Salmon & Watersheds... and People!	Ken Bierly, GWEB	Thank outgoing members of SC and volunteers - highlight Paul Reed	
		Local Commitment	Peter Sorenson, Lane County Commissioner		
		Watershed Assessment - overview	Cindy Thieman		
		Water Quality Monitoring Program - overview	Cindy Thieman		
		Watershed Action Plan - overview	Peter Ruffier, Steering Committee member		
10/26/99	Amazon: Four Oaks Grange	Planning for stormwater and restoration in Amazon Creek Basin	Therese Walch, Water Resources Team Manager, City of Eugene	watershed action plan - now prioritized by Steering Committee. Approve by consensus.	
		Lower Amazon Creek Restoration Project	Scott Duckette, Wetlands Manager, City of Eugene	6-month overview	
				Watershed Assessment - in final writing stages - drafts ready for review soon.	

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
11/30/99	Upper: Veneta Community Center	First Full draft of the Watershed Assessment for review. Presentation of findings.	Cindy Thieman	Small groups circle up with SC members and first version of fleshed out action plan for Ed & Outreach, Project & Monitoring subcommittees	
		Aerial photo tour of Long Tom watershed	Ed Alverson, The Nature Conservancy		
		Watershed Scale Prioritization	John Bolte, OSU BioResource Engineering		
1/25/00	Lower: Monroe HS Commons	Final Draft of Watershed Assessment now available in local libraries, to purchase or on loan from Council.	Gary Holm, local farmer	Metro ESA Coordinating Team's Grant Proposal to OWEB. Eric Wold, NR Planner, City of Eugene. Susie Smith, City of Springfield	
		Water Quality Monitoring Program - first quarter results	Cindy Thieman, Monitoring Coordinator	Multi-functional hedgerows; Jude Hobbs	
		Wetland Diversity in the LT Watershed	Ed Alverson, The Nature Conservancy	NMFS proposed 4d rules. Jampolsky Wetland Restoration grant proposal - Dave Downing (council did not know this was coming)	
2/29/00	Amazon: Four Oaks Grange	Runoff: urban lands: After the Rain video (OSU Extension), Action Plan and what an Individual can do	Ron Miner, OSU Bioresource Engineering, primary author of video	Coordinator's Report	
		Reducing Nutrients and Polluted Runoff in urban setting			
		The role of Wetlands	Dennis Todd, UO Biology		
		The Biosolids Program	Dave Bretenstein, City of Eugene		

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
3/28/00	Upper: Veneta Community Center	Runoff: Rural residential lands	Garry Stephenson, OSU Small Farms Extension Agent	Quarterly Work Priorities for Coordinator	
		Runoff: Agricultural Lands		MOU with East Lane SWCD and other Councils in Upper Willamette Basin	
4/25/00	Lower: Monroe HS Commons	General issues and moving ahead in the face of uncertainty	Mark Mellbye, OSU Agronomy Extension Agent	Small group break out to work on Action Plan: Ed & Outreach, Project & Monitoring	
		Project Example		Tom Hunton, local farmer	Monthly column in West Lane News
		Funding Potentials	Donna Schmitz, Benton SWCD	Brainstorm and prioritize list of potential volunteers for Steering Committee (sub-basin groups; at-large)	
				Watershed Assessment findings forums	
				Project to assess your land for water quality issues	
5/30/00	Streamside Amazon Community Center	Tour of urban stream section, problems, challenges, activities, & discussion	Laurie Bernstien, USFS fish biologist; Nancy Shafter, resident and member of Stream Adoption Group; Lorna Baldwin, Coordinator, Eugene Stream Team	Steering Committee: new steering members; role rotation; demo projects grant; amazon restoration project; next 2 council tours; supporting next round of OWEB grants apps by other parties	
6/29/00	Streamside. Nixon Farms Lower Long Tom	Tour of lowland/agricultural stream section, problems, challenges, activities, & discussion	Jerry Marguth, General Manager, Nixon Farms. Ed Alverson, Stewardship Ecologist, Nature Conservancy	Steering Committee: demo projects grant; fair booth; newspaper columns; watershed signs on highways	
7/25/00	Streamside. Willamette Industries Upper Long Tom	Tour of lands around tribs to Elk Creek. Water quality, fish, wildlife, forestry mngmnt, herbicides, neighbor relations.	Jeff Yost, Forester for WI. Glenn, Wildlife Biologist for WI.	Nominate and create serach committee for new Steering Committee members. Grant proposal approval - LTWC's and other organization's at August SC mtg.	
9/24/00	Annual Celebration, BBQ and picnic. Upper Long Tom: Allison family property	Hayride and tour of Poodle Creek and bridge built to FPA specs, native plants walk, upslope forestry lands used for harvest, FIP program.	Rick Allison, Bruce Newhouse (biologist), Paul Clements, ODF Forester.	Affirm and welcome new Steering Committee; award water quality and outgoing steering committee volunteers with native cutthroat trout pins; Brief about Watershed Assessment and Action Plan. Overview of ongoing activities - water quality monitoring.	
		History of this landscape and Allison family forestry, ranching	Ted Allison, property owner		
		The Oregon Plan; an overview	Rich Angstrom, Jr. Oregon Concrete and Aggregate Producers Assoc.		
		Thoughts on forests, fish and water	Paul Clements, ODF Forester		
		Long Tom Council - past and future	Ryan Collay, outgoing SC member		

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
10/24/00	Amazon: Four Oaks Grange	Key waterways, riparian buffers and stormwater in City of Eugene	Therese Walch, Water Resources Team Leader		
		Results from first year of Water Quality monitoring program, by sub-basin	Cindy Thieman, Program Coordinator		
11/28/00	Lower: Monroe High School Commons	SB 1010 overview	Stephanie Page, ODA Water Quality planner		
1/30/01	Upper: Veneta Community Center	Road Maintenance practices of Lane County	Doug Putchler, Lane County Public Works	Watershed Stewardship Education Program from OSU Extension	
2/27/01	Amazon: Four Oaks Grange	Historical transportation of Long Tom River basin, developing a sense of place.	Doug Card, UO teacher and local historian	Watershed Council Education Day	
3/27/01	Lower: Monroe High School Commons	The Making of the RiverWorks: 19th and 20th century review of the Long Tom basin within context of Willamette Project	Rick Hayes, Army Corps of Engineers	Sub-basin collaborative problem-solving to fix known water quality problems.	
4/24/01	Upper: In Field	Tour of new Wastewater Treatment Plant, City of Veneta	Kyle Schauer, Public Works Foreman Dennis Todd, UO Biology prof		
5/29/01	Amazon: In Field	Tour of Lower Amazon Restoration Project (1135 project)	Scott Duckette, Wetlands Manager, City of Eugene		
6/26/01	Lower: In Field	Tour of Long Tom Ranch Restoration Project.	Allen Makinson, NRCS, Tangent		
		OSU's small mammal trapping & veg surveys to measure habitat	Mary Santelmann, OSU Geography		
7/31/01	Upper: In Field	Tour of Roseburg Forest Product's Lands Macroinvertebrate sites and sampling	Dave Cramsey, Roseburg Forester Paul Clements, ODF Judy Li, Chris Beatty, OSU		

Education and Business Topics ~ Long Tom Watershed Public meetings					
Date	Location	Main Topics (blue indicates upcoming)	Speakers (brown needs invitation or confirmation)	Steering Host/MC	Attendance
9/23/01	Amazon: West Eugene Wetlands	Annual Meeting and Celebration Overview of Formation of LTWC Wetlands Tour The Natural World of the Long Tom Klamath, Long Tom, & Why this work is important Blue Grass Music!	Ryan Collay, Council Member Steve Gordon, LCOG John Cooney, KLCC Natural World Neal Coenen, Gov Nat Resource Office Barnstormers!	Volunteer thank-you's and gifts Overview of activities of LTWC New Steering Members for LTWC Upcoming organization decision on non-profit status (Anna Delocis)	
10/30/01	Lower: Monroe High School Commons	Western Pond Turtle	Kat Beal, ACE and Bill Castillo, ODFW	Expanding boundary of our "service area"; making decisions by consensus during general council meeting; project grants	
11/27/01	Upper: Veneta Community Center	Select topics for 2002 meetings. McKenzie River Trust	Rolf Anderson, Council Member, Dana Erickson, Coordinator, Mike Running, Managing Director	Decision making - consensus for new council meeting design. Select topics for 2002 meetings. For each we'll decide ecological function goals & decide what action steps to take.	
1/29/02	Amazon: Four Oaks Grange	Evaluating contaminants to Amazon Creek	Paul Engelking, UO Dept of Chemistry Dennis Todd, UO Dept of Biology, Kathy Eva, City of Eugene Stormwater Education, Jennifer Boudine, DEQ Public Info	Decision making - consensus for new council meeting design. Select topics for 2002 meetings. First consensus reached on content of ecological objectives for this topic	
2/26/02	Lower: Monroe High School Commons	Erosion and Vegetation Management on City and Rural Road Surfaces and Ditches	Cynthia Girlinger, UO Dept of Landscape Architecture, Doug Putschler, Lane County Roads Manger, Jim Stouder, Benton County Bridge & Drainage Manager, Dennis Joll, ODOT Vegetation Manager	Decision making - consensus for new council meeting design. Select topics for 2002 meetings. First consensus reached on content of ecological objectives for this topic	
3/26/02	Upper: Veneta Community Center	Protecting Riparian Areas from urban & rural development - focus on small cities	Intro - Rolf Anderson Jerry Elliot, Weber & Elliot, City of Veneta Engineers	Discussion and brainstorm of ideas for what Council should focus on
